# IMPORTANT

This NEISCOLITE catalog is issued for the purpose of helpfully suggesting the proper NEISCOLITE suitable for your requirements.

We manufacture all lighting fixtures sold by us and in order that you do not confuse them with ordinary fixtures, we have named them NEISCOLITES. This name protects you in all ways.

NEISCOLITES have long been recognized as fixtures of quality at the most reasonable prices. For twenty years we have served our friends faithfully, always giving the best, using the most modern equipped machinery throughout. Skilled mechanics who take pride in their beautiful product, are all working for you. Always to give you the best in labor, material, design as well as NEISCOLITE service.

## ORDER

Under each NEISCOLITE is listed the stock finish, and we can also give you any special finish at a slight extra cost. When ordering NEISCOLITES be sure to specify plainly the quantity, catalog number, page number and finish desired.

## BARE

BARE is the term used when a NEISCOLITE is furnished without sockets, glassware or wiring, but with socket covers.

## COMPLETE

COMPLETE is the term used when a NEISCOLITE is furnished with sockets, glassware, wiring, all ready to install.

## JOINTS

Insulating joints are included with combination NEISCOLITES only. When desired on electric NEISCOLITES there will be an extra charge.

Complete NEISCOLITES are not furnished with pull chain sockets or switches, and where same are desired, there will be a slight additional cost.

## SHIPPING

Always be sure to state whether you desire shipment to go forward via Express or Freight. If your order does not specify how goods are to be shipped, we shall forward according to the method which is most suitable for you.

## PACKING

NEISCOLITES are packed conveniently one to a carton. There is no extra charge for cartons. Where it is necessary to pack NEISCOLITES in either crates, cases or barrels, we shall charge them to you at actual cost, but we shall not charge you for a corrugated carton.

## CLAIMS

Every care is taken in packing NEISCOLITES, and to see that they are in perfect condition before packed. Should you receive any material in a damaged condition, notify your transportation agent at once, securing his statement of bad condition in shipment and we shall aid you in every way to see that your claim against the company is paid. But do not return any material to us, unless you have our written permission.
